

Quality Enhancement Review of Cardiff University

Outcome Report

March 2020

Judgements about Cardiff University

Based on the information presented, the review team judges that:

Cardiff University **meets** the requirements of the ESG Part 1 for internal quality assurance

Cardiff University **meets** the relevant baseline regulatory requirements of the Quality Assessment Framework for Wales.

This is a positive judgement, which means the provider has robust arrangements for securing academic standards, managing academic quality and for enhancing the quality of the student experience.

Commendations

The QER has identified one commendation, which is summarised below.

Opportunities provided by the Cardiff Undergraduate Research Opportunities Programmes (CUROP) to students to engage with research activities to enhance their learning and future career prospects.

Affirmations

The QER makes one affirmation, which is summarised below.

The steps being taken to implement a revised annual monitoring process that enables a more responsive approach to the review and enhancement of student experience.

Recommendations

The QER makes no recommendations.
